

Meet Neal and Carter...

...The Dynamic Duo!

Neal (left) participates in Kent Center's "supported employment" program through which he is joyfully employed by Kent County's Department of Public Works. Neal was born and raised in Kent County and now works part-time at the County recycling center.

Neal is pictured with Kent Center Board Member, Carter Stanton, who doubles as Neal's "boss."

"I'm so glad Carter hired me. He's the best guy in the world!"
