

Meet Wes...

...Our Half-Million Dollar Man!

Wes is enrolled full-time in Kent Center's Day Program where he has friends, activities, and most importantly, people who care about him.

From his bus driver to the counselors who teach him valuable social, vocational and self-help skills, Kent Center provides Wes with a 24-hour a day environment where he can live a full and rewarding life.

Wes accompanied three Administrative staff members on an interview to determine whether or not Kent Center would receive a \$500,000 grant. Wes' humor and heart-felt words sealed the deal!
